

List of equipment required to start up the CCA Medical Centre

Items	Model/Capacity	Retail	Quantity	Donor
-------	----------------	--------	----------	-------

Consulting room

- 1) Laptop
- 2) stethoscope
- 3) blood pressure machine/ Sphygmomanometer
- 4) infrared thermometer
- 5) intercom
- 6) couch for examination
- 7) light source / standing light
- 8) ENT set
- 9) eye chart
- 10) Ultrasound scan machine / Sonic-aid
- 11) colposcope
- 12) Desktop Unit

Laboratory

- 1) hot plate
- 2) autoclave
- 3) Microscopes
- 4) Hematology analyzers
- 5) Blood gas analyzers
- 6) Chemistry analyzers
- 7) Differential counters
- 8) Histology and cytology equipment
- 9) Urinalysis analyzers
- 10) DNA analyzers
- 11) Gamma counters
- 12) Microplate readers/washers
- 13) Incubators
- 14) Point of care analyzers

- 15) Immunoassay analyzers,
- 16) refrigerator

Theatre

- 1) surgical table
- 2) light source
- 3) suction machine
- 4) anaesthetic machine
- 5) crash cart
- 6) cupboard
- 7) diathermy machine
- 8) drip stand
- 9) oxygen tank and flow meter
- 10) patient monitor
- 11) autoclaving machine
- 12) patient trolley
- 13) equipment cupboard
- 14) emergency equipment

Ward

- 1) 3 to 7 function manual crank or electric icu bed
- 2) side locker
- 3) drip stand
- 4) oxygen concentrator
- 5) infusion pump
- 6) drug pump
- 7) patient monitor
- 8) television
- 9) refrigerator

- 10) comode
- 11) wheel chairs
- 12) patient relative chair/bed

Labour ward

- 1) delivery couch
- 2) neonatal resucitiare
- 3) suction machine
- 4) crash cart
- 5) side locker
- 6) drip stand
- 7) patient monitor
- 8) CTG machine
- 9) ultrasound scan
- 10) sphygmomanometer
- 11) sonicaid
- 12) light stand
- 13) trolleys
- 14) radiant warmer

Treatment room

- 1) crash cart
- 2) trolleys
- 3) drip stand
- 4) drug cabinet
- 5) weighing scale
- 6) refrigerator

Pharmacy

- 1) laptop or desktop
- 2) drug cabinets/shelves with labels
- 3) safe locker box
- 4) drug dispensing containers
- 5) refrigerator
- 6) poison book
- 7) drugs
- 8) chairs
- 9) Counselling room

SCBU

- 1) Incubators
- 2) infant resucitiare
- 3) Infusion pumps
- 4) patient monitor
- 5) pulse oximeter
- 6) oxygen tank and glow meter
- 7) light source
- 8) radiant warmer
- 9) refrigerator

Others

- 1) Ambulance
- 2) infrared thermometers
- 3) sanitizer dispensers
- 4) protective equipment (gloves , facemask, eye wear, Aprons, overalls, shoe covers and faceshield etc)
- 5) lab / ward coats and scrubs

- 6) standby generator with automatic changeover
- 7) clock
- 8) pulse oximeter
- 9) step stools
- 10) food and drug dispensing trolleys
- 11) wash sinks and water treatment unit with uninterrupted water supply source
- 12) break room appliances
- 13) janitorial equipment
- 14) blood draw, exam room, office and waiting room furniture
